

Student Wellness and Success Funds Plan

Academic Year: 2026-2027

Mater Academy Preparatory is committed to enhancing the well-being and success of our students by utilizing Student Wellness and Success Funds to implement programs and services that address the needs of our students.

Goals:

1. Improve student mental health and emotional well-being.
2. Enhance academic performance and attendance.
3. Foster a positive and supportive school environment.

Strategies and Activities:

1. **Mental and Physical Health Services:**
 - Implement a social-emotional learning curriculum to help students develop coping skills.
 - Partner with local agencies to provide speech, vision and hearing services and equipment that assist with meeting the requirements for vision and hearing screenings.
 - Partner with local agencies to conduct an initial school psychological screening for students to identify student needs.
2. **Behavioral Support:**
 - Train staff in behavioral support for students.
3. **Health and Wellness Programs:**
 - Establish a school-wide wellness initiative with activities focused on nutrition, exercise, and stress management.
4. **Academic Support:**
 - Arrange after-school tutoring sessions to support students at risk of falling behind academically.
 - Evaluate with school stakeholders developing a summer enrichment program.

Budget:

Funds received monthly will be used to provide programming to support the school's goals, along with the strategies and activities listed above. Unused funds will be rolled over to the next school year to support ongoing initiatives.
